

What's in the Works?

Good weather continued through the summer and into early fall allowing York DPW to complete a variety of important projects including the widening and resurfacing of Mountain Road and stay well ahead on our street paving program with the Town's paving contractor, Libby Scott.

CURBSIDE COLLECTION

306 tons
of recyclables
collected curbside

1,552 tons
of waste collected

UNIVERSAL WASTE

Top Items Collected at The York Recycling & Compost Facility:

- » Televisions/Flat Screen - **7,542 lbs.**
- » Monitor Recycling - **1,087 lbs.**
- » Printers - **1,005 lbs.**
- » CPU and Laptop Recycling - **570 lbs.**
- » Batteries - **112 lbs.**
- » Misc. Electronic Recycling - **20 lbs.**
- » Compact Fluorescent Lamps (CFLs) & Fluorescent Lamps - **307**
- » Non-PCP Ballasts - **63**
- » Smoke Detector Recycling - **56**
- » PCB Ballasts - **9**

ACTIVITY & REQUESTS

Total QAlert Activity

119 Requests

(includes open, closed, and in-progress)

Top Requests by Type:

- 23** Potholes/Sinkholes
- 18** Dangerous Dead Tree/ Tree Pruning/Trimming
- 10** Roadside Mowing
- 8** Storm Water Drainage Issue
- 8** Signs Missing/Damaged
- 7** Pavement Damage/Condition
- 6** Culvert Replacement
- 6** Apron/Curb Damage
- 5** Gravel Shoulder Damage/ Erosion/Washed Out
- 5** Ditch Cleaning/Vegetation or Debris
- 3** Obstruction in Right of Way
- 3** Bulk Item Pick up

PLANET AID DONATIONS

1,063 lbs

of clothes/textiles were collected at Planet Aid boxes at the York Recycling & Compost Facility

TRANSFER STATION PERMITS

973
Permits issued

CHIP SEAL APPLICATION

DPW and the Town hired All States Materials to apply an innovative road surface treatment called AR Chip Seal on Perkins Court, Perkins Drive, and Old Chases Pond Road in July. This material is an Asphalt-Rubber product that is shown to be durable, versatile, and made of recycled tires that would normally be in landfills – approx. 1,340 tires per mile!

TOUCH-A-TRUCK

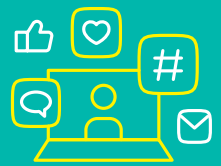

DPW took part in the annual Touch-a-Truck event at the York Public Library in July. We brought a loader, a street sweeper, and a 6-wheeler to the event for kids and families to learn about and see up close.

MOUNTAIN ROAD

The Mountain Road drainage, widening, and resurfacing project was completed in Q3. This project involved rehabilitating and reconstructing the existing road and gravel shoulders on both sides of the road, widening the road surface to include lanes for bicycles and pedestrians, removing and replacing all undersized/ failing road culverts, and cleaning out existing open drainage ditches along the road. Slip form concrete curbs were placed in some areas where needed with final surface pavement placed by the Town’s paving contractor.

SALT BID AWARDED

In September, Selectboard members approved the bid submitted by Granite State Materials to provide the road salt York requires to treat roads for the upcoming winter season.

STREETS PAVED

Street paving was well underway in Q3 with complete resurfacing of Meadowlark, Bluestone, Pine Hill South, Norwood Farms Road, Milbury, Roaring Rock Road, Old Seabury, Belmont, and Newport Roads.

CROSSWALK STAMPING

Pattern Paving Service completed crosswalk stamping on Lindsay Road, Moulton Lane, and Nubble Road. They used specialized propane heaters that soften existing asphalt, placed a steel-reinforced template over the heated area, and then used compactors to pound the template down. The result is an attractive, herringbone pattern that provides traction for pedestrians using the crosswalk.
