

What's in the Works?

In addition to expected seasonal weather challenges, snowplow and truck repair and maintenance, DPW crews were busy cleaning up after heavy rain and windstorms, patching roads, sweeping streets, clearing ditches and a whole lot more in Q1.

UNIVERSAL WASTE

Top Items Collected at Witchtrot Road Recycle Facility:

- » Flat Screen Televisions - **4,427 lbs.**
- » Printers - **1,338 lbs.**
- » Televisions - **1,072 lbs.**
- » CPU and Laptop Recycling - **1,011 lbs.**
- » Monitor Recycling - **858 lbs.**
- » 4' Fluorescent Lamps - **258**
- » Batteries (all types) - **98 lbs.**
- » Non-PCP Ballasts - **70**
- » Misc. Electronic Recycling - **40 lbs.**
- » PCB Ballasts - **17**

ACTIVITY & REQUESTS

Total QAlert Activity

35 Requests

(includes open, closed, and in-progress)

Top Requests by Type:

- 9** Dangerous Dead Tree/ Tree Pruning/Trimming
- 7** Storm Water Drainage Issue
- 5** Gravel Road Needs Grading
- 3** Potholes/Sinkholes
- 3** Pavement Damage/Condition
- 1** Signs Missing/Damaged
- 1** Apron/Curb Damage
- 1** Dig Safe /Contractor
- 1** Obstruction Right of Way

PLANET AID DONATIONS

435 lbs

of clothing/textiles were collected at Planet Aid boxes at the Witchtrot Road Recycling Facility

TRANSFER STATION PERMITS

98
Permits issued

SEAWALL PROJECT

Despite cold winter temps work began on the next phase of the Seawall Capital Improvement Project.

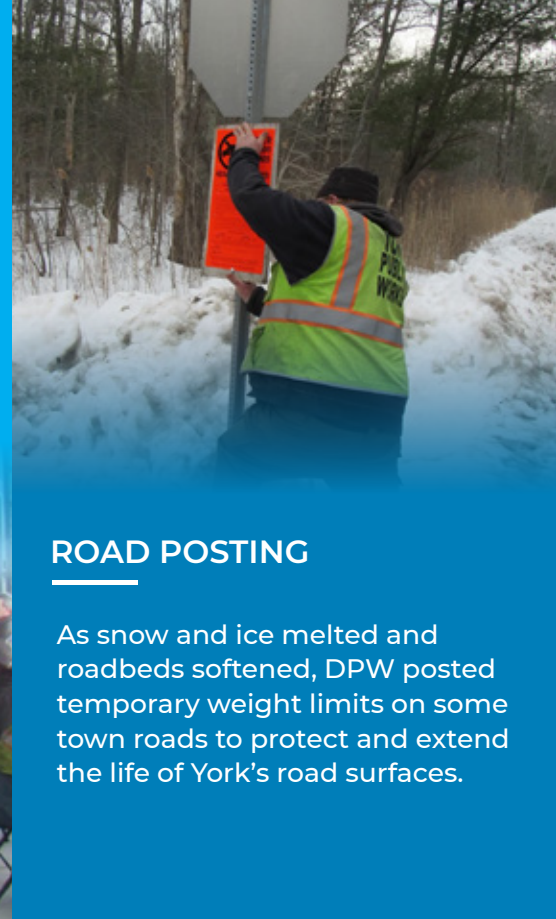

WINTER STORMS

DPW crews and equipment were deployed around the clock to clear and salt roads during the winter months and clean up after heavy rain and wind storms.

JOINT SAFETY TRAINING

York Public Works, York Water District, and York Sewer District attended an on-site excavation/safe digging seminar. Topics focused on best practices and OSHA regulations concerning worksite safety where excavation or extensive digging takes place.

ROAD POSTING

As snow and ice melted and roadbeds softened, DPW posted temporary weight limits on some town roads to protect and extend the life of York's road surfaces.

STREET SIGN REPAIR

DPW crews surveyed street and traffic management signs damaged by winter storms throughout York. Signs and posts in need of repair were quickly replaced with minimal disruption to traffic.

RECLAIM GRINDING

A small mountain of approximately 5,000 cubic yards of asphalt, rock, stone, dirt, and concrete debris from past road projects over the years was ground up into a usable 1-inch aggregate. This "reclaim" will be used by DPW for road maintenance projects, road repairs, and road shoulder work.

New Hire

STREET SWEEPING

DPW street sweeper crews were deployed throughout York during Q1 to clean the streets of winter's debris. Built up clumps of leaves, twigs, sticks, stones, gravel and sand are whisked away using both of DPW motorized street sweepers to help keep our roads safe and looking their best.

DETOUR SIGNS INSTALLED

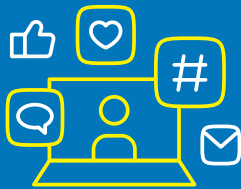

In preparation for the beginning of Phase 5 of the Nubble Road reconstruction project, DPW crews installed detour signs around the area to alert drivers and safely route traffic around the upcoming construction site.

WORK ZONE SAFETY AWARENESS

York DPW teamed up with the York Water District and York Sewer Department to help spread the word about National Work Zone Awareness Week. Signs were created to encourage safe driving through local work zones and hung throughout York to support the campaign.
