WINTER CART INFORMATION

For safety reasons, Casella only services roads that have been plowed and treated appropriately. If you live on a private road, **please ensure the road is plowed and treated prior to 6:00 AM.** Casella's drivers work long hours to serve hundreds of customers. Please be patient and avoid calling in a missed collection before 3:00 PM. **Winter weather can cause delays**, resulting in the truck being in any given area later than normal.

Keep cart lids closed to prevent water from entering and freezing at the bottom. Store carts indoors or covered if you can.

Avoid placing your carts in the street when there is a winter storm. This creates a hazard to vehicles, including the city's plow trucks.

If there is snow on the ground, dig out a spot for your cart where it is typically placed. **Avoid placing your cart on snow piles.** Melting or shifting snow could cause the carts to fall over and spill out their contents. The uneven ground will make it difficult for the truck to set the carts back down.
